Remember before digital music and MP3 players?

If you do, then you probably made compilations of all your favourite music, to share with your friends and loved ones, on good old fashioned blank cassette tapes.

If you miss making mix tapes this product will inspire you again! Store your own mix on the USB stick by plugging into your PC or Mac, then add MP3 or any other files to the USB stick.

Write your own titles, messages and play list all over the retro gift pack.

CLOCKY

The alarm clock that runs away and hides to get you out of bed

Clocky gives you one chance to get up. But if you snooze, Clocky will jump off your nightstand and wheel around your room looking for a place to hide, beeping all the while.

You'll have to get out of bed to silence his alarm. Clocky is kind of like a misbehaving pet, only he will get up at the right time.
